

HOW DO WE IMPROVE YOUR SITE?

AT BRIGHTER GREEN WE UNDERSTAND THAT ANYTHING LESS THAN 100% AVAILABILITY RESULTS IN A LOSS OF REVENUE. THAT'S WHY WE OFFER A UNIQUE 99% AVAILABILITY GUARANTEE.

ANYTHING LESS THAN 99% AND WE'LL COMPENSATE FOR THE LOST REVENUE.

In addition, Brighter Green Engineering has a track record in rapidly identifying and resolving issues that degrade availability.

For example, BGE took over the provision of O&M on one particular UK park along the M4 corridor. The park's performance was well below optimum when BGE arrived. Within just three days of taking over the O&M contract, the Brighter Green team of engineers identified, diagnosed and resolved a host of longstanding and complex issues. As a result, the park has consistently delivered 100% availability for three months straight and counting. The owners of the park are delighted as investment returns are up 3%.

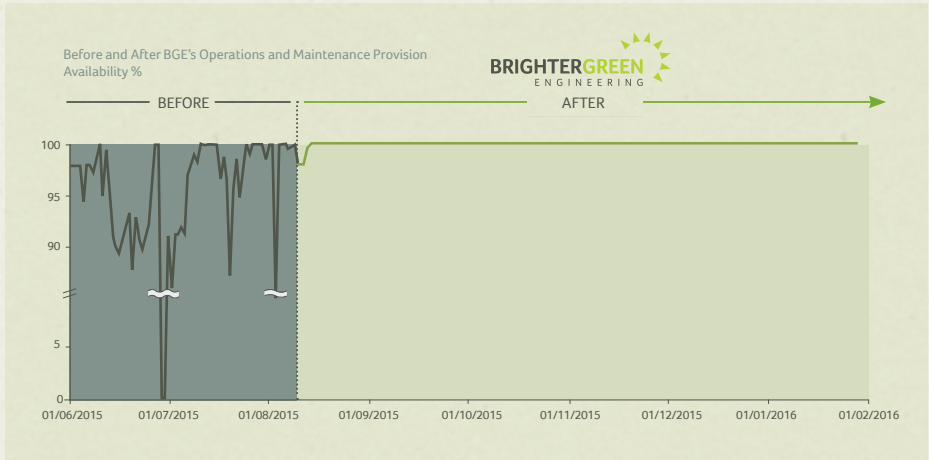

BGE's industry-leading availability guarantee provides investors with higher, more certain returns.

CLIENT CREDENTIAL

Brighter Green Engineering rapidly diagnosed and resolved numerous outstanding performance issues to deliver a consistent availability, enhancing annual investment returns by 3%.
